popular parts

Glow Plugs

Hiflo has a large range of quality HKT glow plugs to suit a wide variety of popular applications, at very competitive prices. Don't put up with problems starting your vehicle.

Available for Toyota, Nissan, Mitsubishi, Ford, Mazda, Isuzu, Diahatsu, Hino and many more.

Injector Tester

The Hiflo fuel injector tester is a special instrument for the performance testing of diesel fuel injector assemblies and diesel injector nozzles. It is suitable for the following tests:

Injector opening pressure, injector back leakage, spray pattern and nozzle leaking.

Tiny Tach

The Tiny Tach is a small digital tacho & hour meter for small petrol & diesel engines. It is loaded with additional features including: 2 service timers, max RPM recall, total hours worked and job timer. It is small, easy to fit and very affordable.

Timing Tool

This tool is suitable for use on Bosch "VE", Zexel [kikki] & Nippon Denso type pumps with 8mm & 12mm threads. The 'VE' pump is fitted to most popular diesel cars & light commercials.

Siemens Deka Injectors

Hiflo now stocks the popular Siemens Deka 60lb performance injector. This is the most versatile petrol injector available for performance applications. These injectors offer improved drivability for modified engines. Suitable for the Ford XR6 turbo, Holden Gen 3 and many more.

Oxygen Sensors

Hiflo has a range of high quality oxygen sensors available for most popular vehicles. With OEM type plugs for some applications and universal type, with 1, 2, 3 or 4 wires.
