

NEW RELEASE

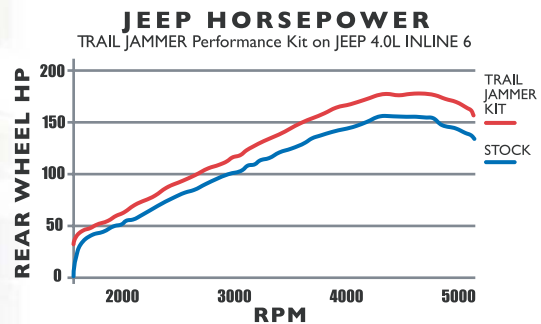

TRAIL
JAMMER
 PERFORMANCE KIT

JEEP 4.0 INLINE 6

- Up to 20% horsepower gain
- Improved throttle response
- Power to roam that bolts on in under an hour

Hiflo PowerEdge performance kit delivers the ideal air/fuel enhancements for your 4.0 litre Wrangler, Rubikon or Cherokee. The Trail Jammer kit dramatically improves the power and throttle response of your Jeep both on and off the road. The kit includes an electronic module to performance tune your engine, a machined throttle body to improve driveability and a cold air Intake system to maximize air flow. Feel the difference 20% more horsepower and an almost 2 second improvement in your 0-60 times will make as the Trail Jammer brings your Jeep to life! Best of all, the entire kit bolts on in less than an hour.
