

HIFLO®

NOW YOU HAVE A CHOICE

These two diesel fuel injectors look exactly the same. One comes from Hiflo; the other comes from our competitor. While their injector is reconditioned, ours is new. Their injector is priced to put more money in their pockets; ours is priced to keep more money in your pockets.

Now you have a choice

Pay more for a reconditioned injector or purchase new Hiflo injectors that are set to vehicle manufacturers specifications to give optimum performance and economy and backed by our factory warranty.

The choice is easy
